

D.O.M. send us Reckoning - If ya gonna go to hell, it might as well be by the best.

Dom in particular really got that sending you to hell biz down to an art, in fact yeah, if satan ain't on their side, then the fans will just have to do. And they got a lot of them, and there is a reason! This kicks every single one of you, them and every human soul it can into a hellhole they will never wanna crawl out of.
