AVAILABLE OCTOBER 1, 2019

Imbolg's second release expands upon their diverse style that ranges from traditional hard rock and metal in the vein of **Black Sabbath**, **Danzig** and **Type O Negative** while leaning towards the styles of Punk, Death Rock, Synth and of course Goth. All songs on the album were written by Imbolg's Singer/Guitarist **Nate Dal Cais** with the exception of the song "Your Darkest day" co-written lyrically by **Chris "Pit" Gnecco** formerly of rock band **Ours**.

Hailing from NYC, the band has performed at such places as CBGB's Gallery, Witchfest on Astor Place, and Yasgur's Farm. The Current lineup includes : **Kitty Hawke** on Bass, **Mark Demon** on backing vocals and **Ken Holley** on Drums, a cousin of Rock Legend **Buddy Holly**. Combined with ethereal synthesizers, an articulate and powerful rhythm section, topped with the potent and moving vocals Imbolg's leader vocalist/guitar player **Nate Dal Cais**, THE SORROWS will not disappoint as they lure you into their darkly enchanted spectrum of sound.
